

Colors available for UV Direct Print

BEWARE not all colors can be produced with ceramics and porcelain.
Just use the colors from the colorlist. Note, the pantone value is approximate, it may deviate slightly from the original color.

Colors on screen or print may differ from the actual color.

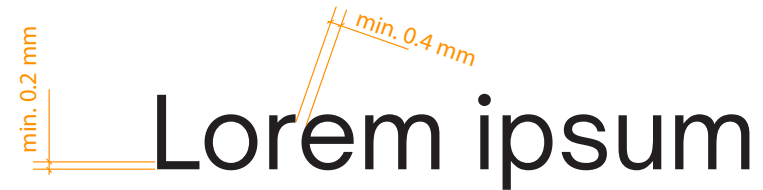

BEWARE that colors are also affected by a colored background.

Gold and silver is not possible.

Minimum line thickness 0.2 mm

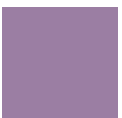

Minimum gap 0.4 mm

We can't print gradient.
